## **Johoku 2019**

As usual, the school will be welcoming approximately 15 Japanese students from our partner school in Hiroshima. They will be here from about mid-March for about 12 days. Would you be interested in hosting a student? If so, please let me know. Look out for letters at the start of January! Mr Bryden

## Literacy

This is the most important page in your planner (from the point of view of literacy anyway!): **P95**

Here you will find useful discourse markers and connectives. Refer to these if you're doing any extended writing in any subject! Have it in front of you when doing an extended writing. It will help develop your writing – and your critical thinking skills.
